**2022 - 2023**  
**Summer Reading**  
**Incoming Kindergarten**

Children entering kindergarten are encouraged to spend their summer in a print-rich environment. Reading to your child is the number one way a parent can promote academic success. Spend time at the library and at the book store. Read to your child daily, including new books, old favorites, and early readers.

**2022 - 2023**  
**Summer Reading**  
**Incoming Grade 1**

In First Grade we are most importantly looking to foster a love for reading while simultaneously building our skills surrounding decoding, fluency, comprehension and so much more!

Students entering the First Grade are encouraged to read at least one to two times throughout the day. This will allow for your child to be exposed to text while also further developing excitement surrounding the idea of becoming an independent reader.

When you read, it is encouraged to discuss the text and the story structure. For instance, encourage your child to identify the characters and setting, make predictions and inferences, determine the problem and solution, character traits, etc. Feel free to point out specific letters and words in the text and encourage them to recognize rhyming words and to identify beginning and ending sounds.

**Summer Assignment:**

1. Students will select their favorite story that they read over the summer. On the page provided by their teacher, students will determine their favorite part of the story and why. Students will then illustrate their thinking.
2. When we return to school in the fall, we will complete a “book review” and share our findings using our summer reading assignment!
3. Please also e-mail or send in a photograph of your child reading in their favorite reading spot. Photographs will be shared and displayed in the classroom during the first week of school.
