

## Emily MacPhail Class of 2000

After graduating from North Catholic High School, I spent the next 5 years at Penn State main campus completing both a B.S. in Science as well as my MBA in Product & Marketing Development and Supply Chain Management. I graduated in 2009 and moved to New Jersey where I work as a Sourcing Manager for Johnson & Johnson supporting R&D procurement for our global pharmaceutical clinical trials. I got engaged to my Fiancé, Nick, Last year, whom I met in my MBA program at Penn State and will be married this June in Pittsburgh.
